I-40 Meteor City TI Project Receives Partnering Award

FNF project, I-40 Meteor City TI, was selected to receive a 2019 Arizona Transportation Partnering Excellence Award. Although a traditional live awards ceremony was not possible this year, all project award recipients' video presentations can be seen at vimeo.com/463507558 (FNF's video segment begins at 08:41).

This award recognizes partnership teams in the transportation industry that demonstrate a high degree of achievement through their practice of the Partnering principles and application of the Partnering processes related to the transportation industry.

I-40 Meteor City Traffic Interchange Project

Location: Coconino County, AZ approximately 15 miles west of Winslow
Owner: Arizona Department of Transportation (ADOT)
General Contractor: FNF Construction, Inc. (FNF)
Other Stakeholder: Federal Highway Administration (FHWA)

About the Project:

ADOT awarded this contract to FNF using the design-bid-build procurement method. Work consisted of removing two existing bridges and constructing two geosynthetic reinforced soil integrated bridge system (GRS-IBS) bridges (east and westbound). The contract allowed for 25 days for this accelerated bridge reconstruction work while closing I-40. FNF crews worked 24 hours a day, seven days a week, and used only 18 of the 25-day closure.
